Mr. CAMPBELL. Mr. President, today I urge my colleagues to support passage of the pending resolution, Senate Resolution 190, designating October 10, 1999, through October 16, 1999, as "National Cystic Fibrosis Awareness Week." I introduced this legislation in September and am pleased that it garnered such strong bipartisan support from my Senate colleagues. I am hopeful that greater awareness of cystic fibrosis, CF will lead to a cure.

Incredibly, CF is the number one genetic killer in the United States. Approximately 30,000 Americans suffer from the life-threatening disease. Today, the average life expectancy for someone with CF is 31 years. We must do what we can to change that.

I urge my colleagues to support final passage of this resolution so that we can move one step closer to eradicating this disease.
